# LOCKWOOD INQUIRY MAY BE RELIEVED OF ITS LIMITATION

Chairman Joins Untermyer in Submitting New Resolution in Legislature.

Proposed Probe Sweeping Money Investigation in Housing.

LEADERS' VIEWS CHANGE

Prediction That Hobble Will Be Removed Follows Conference in Albany.

Despatch to THE NEW YORK HURALD

then Senator Lockwood joined with Samuel Untermyer in declaring there was no use in trying to go further with the inquiry if it is hobbled by the restricted resolution reported out by

reached which will permit the com-

mittee to go ahead.

The outcome of the conflict between the committee and the Legislature still is in doubt, but Mr. Untermyer returned to New York this evening more encouraged than for several weeks.

The conference was held in Senator Lusk's chamber, and present with the members of the committee and the majority leader were Speaker Machold, Simon L. Adler, majority leader of the Assembly, and Charles J. Hewitt, chairman of the Senate Finance Committee.

Grave Trail and the second of the deba decomplete has been and the responsibility for blocking their work among the house for the conviction of Robert P. Brindell, the labor dictator, has had great influence here. This is looked upon as deded vindication for the committee and repass it.

mr. Untermyer and Senator Lockwood reads:

"The committee shall investigate the form of organization and the business, practices, management, affairs and investments of all corporations and associations that have, among other things, power to invest funds in real property, or in bonds secured by mortgage on real property, in so far as the same may, in the judgment of the committee, to any extent bear upon or affect the past, present or future conditions in any of the cities of the State, and in so far as an investigation of such form of organization, or such business practices, management, affairs and investments may, in the judgment of the committee, be pertinent to any recommendation for legislation affecting the housing, building or loaning situation that the committee may deem advisable."

This is broad enough to allow fir. Untermyer to go as far as he wishes banks and insurance companies.

It is believed that Senator Lockwood and his associates have given assurance they have no intention of starting a sweeping money investigation. The committee has power to curb its counsel at any step. If assured the investigation will relate only to mortgages and other collateral subjects related to housing, it is believed additional power may be granted.

to Board of Regents.

ALBANY, Feb. 7.—The Republican majority in the Legislature, at conferences of Senators and Assemblymen agreed tonight to support W. P. Baker, editor of the Syracuse Post-Standard, as the Republican candidate for member of the Board of Regents, in succession to the late William Nottlingham of Syracuse. This will ensure Mr. Baker's election on Wednesday when both Houses meet in joint session.

There was no opposition to the reelection of Mayor William J. Wallin of Yonkers to the Board of Regents, or May B. Van Arsdale of New York as a member of the State Council of Farms and Markets.

Assembly Asks to Name Board to Direct Relief.

Special Despatch to The New York Herald.

New York Herald Bureau.
Albany, Feb. 7.

A concurrent resolution introduced by
Assemblyman Benjamin Antin, Democrat, Brong, calls for the creation of a
special legislative committee to coordinate all plans for public work in
New York State "in such a way as to
secure thereby the widest possible relief
for prevailing unemployment."
The committee would investigate public work, now under way or planned by
the State, city, school district or other
municipal corporations and report to the
present Legislature with recommendations as to the fair distribution of public works so as to secure the greater
benefit from the expenditure of public

WOULD AMEND LIBEL LAW.

Amendment of the libel law to prevent attacks on the Jewish race, was proposed to-night in the Assembly by Edward B. Rayher, Republican, of New York. The measure would permit recovery of damages from any one "attacking them for belonging to any race, religious denomination, sect or order."

The terms are so broad that it is believed a member of a political party could see for libel upon any statement reflecting upon his organization.

The measure is understood to be aimed at the attack of Henry Ford's Dearborn Independent upon Jews.

few days. The Governor is going over every question involved, and the task is proceeding slowly. No date has been set for transmitting the measures, but it is hoped they may be completed this week.

Pending their receipt the lawmakers are taking no further action on the transit problem. The majority favoring the Governor's programme is stronger to-day than at any time since the transit message was sent in.

Request was made of the Senate tonight for an appropriation to print 2,000 copies of the Governor's message on transit. That furnished an occasion for Senator Walker, Tammany leader, to assail the programme. He referred to letters received by Gov. Brough of Arkansas and forwarded to Gov. Miller in which some forty Governors indorsed the Public Service Commission plan of regulating public utilities.

"They ought to have 2,000 copies of the Governor's message to the Legislature continue to reach the Executive Chamber in his message to the Legislature continue to reach the Executive Chamber in his message to the Legislature continue to reach the Executive Chamber in his message to the Legislature continue to reach the Executive Chamber in his message to the Legislature continue to reach the Executive Chamber in his message to the Legislature continue to reach the Executive Chamber in his message to the Legislature continue to reach the Executive Chamber in his message to the Legislature continue to reach the Executive Chamber in his message to the Legislature continuers are taking numbers.

Here are some more expressions of commendation:
Louis J. Kunkel, president of Runkel Brothers, Inc., and chairman of the legislative committee of the Association of Manufacturers of Confectionery and Chocolates of the State of New York: "I want to say that I fully appreciate the good motives that the Governor has in mind in taking up this question of public utilities, which are in a horrible position, and Mr. Hylan and his gang have personal motives for destroying the transportation systems in Greater New York, probably to establish more busilines or other reasons that are better known to them."

Samuel W. Reyburn, president of Lord & Taylor: "Permit me to say that I think your position is a sound one, and that it should be supported by those who desire to have the control of our public utilities removed from the status of a football in a political game."

Frederick A. Stokes, publisher: "From what I have already read I can sincerely congratulate the Governor on his stand and wish him complete success in having it indorsed."

Frederick H. Allen, lawyer: "May I express my high appreciation for the stand you have taken in sucn important measures as economy of administration and the relief of the traction situation here in New York."
